ICI Pilling and Snagging Tester HTF-012B-4 Boxes-Direct Manufacturer

Product Introduction

ICI Pilling Box Tester HTF-012B is a special testing instrument for testing the pilling performance of wool, knitted fabrics and other fabrics that are easy to pill.

It complies with ISO12945.1, GB/T4802.3, JIS L1076, BS5811, IWS TM152 and other standards.

During the test, the sample carrier tube with the test sample is put into the pilling test chamber, the instrument is started, the samples are flipped and rubbed against each other in the chamber, and the samples can be taken out for grading after setting the number of tumbling times in agreement.

Test Principle

During the test, the sample carrier tube with the test sample is put into the pilling test chamber, the instrument is started, the samples are flipped and rubbed against each other in the chamber, and the samples can be taken out for grading after setting the number of tumbling times in agreement.

Technical Specifications

Model	HTF-012B	
Control	PLC touch screen	
Number of Pilling Boxes	4 Boxes	
Rotational Speed	60±2 rpm	
Box Space Dimension	235mm×235mm×235mm	
The Number of Box Rolls	0-999999	
Polyurethane Sample Tubes	External dia.: 31.5±1mm; L:140±1mm; thickness: 3.2±0.5mm;	
Power Supply	AC 220V 50/60HZ	
Machine Dimension (L x W x H)	120x 50x80 cm	
Net Weight	60 kG	
Standard Accessories	6pcs /each box	Cork lining
	4pcs /each box	Polyurethane sample tubes
	1 pcs	Sample template
	1 pcs	Power line

Features

- 1.The appearance of the whole machine is generous, and the surface spraying adopts high-quality spraying treatment, which makes it look very beautiful.
- 2.It uses a lightweight, strong and never deformed plastic box, which can guarantee its longer life.
- 3.It is also equipped with imported high-quality rubber cork gaskets, which can be folded off for quick replacement Standard.
- 4.Equipped with imported polyurethane sample tube, it can be durable and stable.
- 5.This pilling machine runs smoothly and has low noise, which will not affect your work.
- 6.Equipped with large screen color touch screen display operation, metal buttons, special aluminum panel, accurate counting, sensitive operation, not easy to damage.
- 7.In short, ICI Pilling and Snagging Tester HTF-012B is a powerful, stable and reliable test instrument with long service life, which is an ideal choice for wool, knitted fabrics and other easy-to-pilling fabric pilling performance testing.
